

## Horizon Serials List, 2005-2009

### Horizon Serials List

Below is a list of popular serials separated by year. Normally, one serial record covers all issues and years of a serial; however, the titles below each had numerous holdings which made finding individual issues difficult. Therefore, the holdings are separated by year and the year is added to the title. The current 5 years (2005-2009) are listed individually; all previous years are listed on the Horizon full bib record (listed in the last column).

For serials on this list, attach your holdings to the number for the appropriate year. Example: attach the February 2008 issue of “American heritage” to Horizon bib number 2918770.

For serials not on this list, attach your holdings to the regular serial record on SEO. Example: attach all issues of “Create & decorate” to Horizon bib number 2531060, whether it’s the Sept. 2006 or Sept. 2008 issue.

Remember to add holdings with dates in year/month/day (YYYY/MM/DD) form in each item record, as instructed in the Cataloging Procedures section titled Serial Holdings records. For more information, see also the section titled Finding Matching Records: Serials.

**Horizon Serials List, 2005-2009**

**Exceptions**

**1. Short story/essay collections**

When you have a collection of short stories or essays by year, use the monograph record, which usually includes the year in the title. This is because the monograph record has contents notes, listing the authors and titles of each story. This helps patrons find their favorite authors or stories.

Serial records can't have contents notes, so aren't as helpful to people for "Best writing of " 2004, 2005, etc.

Use the monograph record for collections of short stories and essays. When forming the call number, it's recommended to include the year.

Ex: 808.83 PUS 2004 = Pushcart prize 2004

**2. Auto repair manuals that cover several years: published by Chilton or Motor**

When you have "Chilton import car repair manual, 1998-2002," the brands of import cars covered in the 1998-2002 may be different than the brands covered in the 1996-2000.

The monograph record can have notes listing exactly what brands are covered in each year range, so people can find information on their particular car.

Use the monograph record for Chilton and Motor car repair manuals. When forming the call number, it's recommended to include the year.

Ex:

629.28 CHI 1999-2003 = Chilton's truck & van service manual, 1999-2003

629.2 MOT 1993-96 v.1 = Motor auto repair manual, covering 1993-1996, volume 1

629.2 MOT 1993-96 v.2 = Motor auto repair manual, covering 1993-1996, volume 2
